IN MEMORIAM

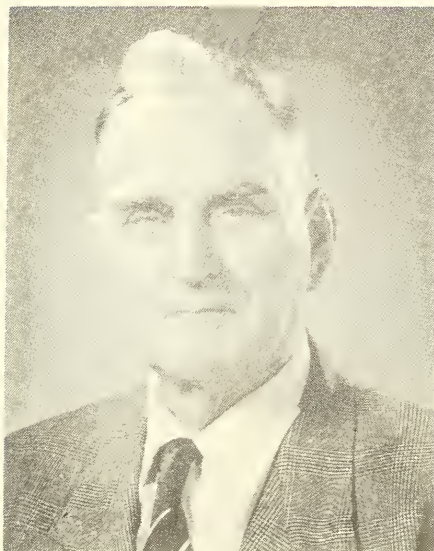

On April 30, 1956, the Town of Derry witnessed the passing of one of its most esteemed citizens. Mr. Grinnell was very active in municipal affairs, served on the Derry School Board for many years, was President of the Alexander Eastman Hospital from its founding until 1954, was Town Counsel, and at various times was Town Moderator, School Moderator and Fire District Moderator. He was also President of the Derry Savings Bank, President of the Derry Co-Operative Bank, and in many ways contributed to the well being of the community.

In memory of his many contributions to this community, we the selectmen of the Town of Derry, hereby dedicate this your Town Report for the 1956.

We wish to express our appreciation for the many years of faithful service of Howard C. Abbott. Mr. Abbott's record has been one of the outstanding of New Hampshire Tax Collectors. The cooperation and sincerity of his work has been an invaluable asset to the Town of Derry.

Mr. Kingsbury has served faithfully as Road Agent and Town employee for the past 29 years. His service to the Town of Derry has been greatly appreciated during his many years of continuous effort.

We, the Selectmen on the Town of Derry, wish to extend our appreciation to both of these men for their many contributions and wish them success in the future.

TO THE CITIZENS OF THE TOWN OF DERRY:

The following report and summary of the several departments and their activities are assembled to better acquaint the voters with the activities and operation of their town.

We wish to call your attention to the Articles in the 1957 Town Warrant. Some of these Articles are of the utmost importance to the future progress and welfare of the Town of Derry. We hope that you will give these items careful thought and consideration.

In order for the voters to have a better understanding of the budget, we wish to explain the reason for the overdraft in the Highway Department and the Town Officer's Salary Budget. The Highway Department overdraft was due to unanticipated expense involving the snow storm of last April, also the Town equipment has had some very serious accidents and breakdowns. In order to put this equipment in permanent good condition, it was necessary to do complete overhauls on many pieces. Although this expense inadvertently had to appear on the 1956 expense account, the equipment is now repaired and in top condition and should be of little expense for some time to come.

Due to the Tax Collector's retirement as of Jan. 1, 1957, the last payment of the Tax Collector's Salary which usually runs into the following year, had to be paid in the year 1956.

This overdraft, however, did not affect our balance for 1956, as our surplus account is comparative to our 1955 surplus of \$9,214.93.

It is the earnest desire of the Board of Selectmen to have this report complete, concise and understandable by the general public. With this thought in mind we respectfully submit the Report of the Town of Derry for the fiscal year 1956.

Respectfully submitted,

Emile J. Bienvenue
Donald Bentley
Frank T. Buckley

LIBRARIAN'S REPORT

The 52nd Annual Report is herewith presented:

The usual library and community activities have been carried on during the past year. No outstanding project was undertaken. The reference room has been well patronized by the students from Pinkerton and Hood Schools. Those students who live in town but go to the Parochial schools in Manchester

do much of their homework in the library. We have many calls for magazine articles. This means a list is left at the desk then we find the material from the files in the basement. This material is usually loaned on a short time basis. Many times there is a waiting list for certain magazine articles. We have been obliged to add a few new ones this year. These have been taken from the list in the Readers Guide to periodical literature. The new magazines are as follows: Atlantic - America - Senior Scholastic - Coronet - Saturday Review of Literature - Scientific American - and Consumers Report.

In the Spring the Derry Woman's Club started a New Hampshire shelf in the library. Many interesting books have been given by the club members and interested friends. These books are not loaned out but they may be used as reference material in the library building. A very beautiful book was given to the library in memory of Mrs. Elsie Gaskin Griffin. A group of out of town friends gave us the "Hammond Pictorial Atlas of Scenic America". This has been placed among the reference books. A card of thanks was sent to the donors.

Teachers of the lower grades realize their children like to browse among the picture books in the children's room, so send them in small groups to the library to choose books for their classroom.

We wish to thank the many patrons and friends who have given us so many good books in the past year. We also wish to thank those who have loaned us interesting exhibits through the past year. An exhibit is displayed for two or three weeks and then changed.

REPORT OF THE TRUSTEES

The trustees approved a suggested alteration in the basement area to improve conditions for arts and crafts groups. The pottery class removed the old coal bin partition and reset it on the other side of the cellar. In erecting the partition in the new location a definite effort was made to make it more dust proof so as to decrease the dust problem for other craft groups. This change seemingly makes more space available for other activities. It improved the general appearance of the whole basement area.

The Sweet Adelines are continuing to use the library facilities for rehearsals. The use of the library by organized community groups is encouraged by your board of trustees. The facilities are maintained through public funds and it is hoped that the public will avail themselves of these facilities.

The same staff continues to render courteous, efficient service. As was pointed out in last year's report, the library can and does, through the cooperation of the state and other libraries, have almost anything in books and research materials available. The patrons of the library have fortunately had the same type of service for several years since the same staff has served. Continuity of staff enables the library to function well.

The staff and trustees feel that the library and its service are worthy of increased patronage and urge the public to visit and use the library and its service.

To the Trustees of the Taylor Library:

The following report is respectfully submitted:

Seventy-eight years of continuous service is a long time and that is what Taylor Library has given the public. It would be interesting to know how many have patronized the library over the years and how many books have been loaned but that is not possible.

Due perhaps not so much to lack of interest as to unavoidable circumstances, the circulation has fallen off this past year. However a few teachers come in to browse and are pleased to find good collateral reading for their pupils and other reading matter hoping to whet their appetites for further reading.

It might appear that a large number of books are discarded. These are retired to the basement in order to make room on the shelves for each year's additions.

A gift of interest was presented to the library - a Bible having belonged to a certain John A. Taylor of Londonderry. It carries the publication date of 1826.

The inside painting and fresh window shades are greatly appreciated. Again we thank Mrs. Walter Harding for the beautiful Christmas wreath for the front door.
